

## Auto N95 Cup Mask Making Machine Production Line

No.	Machine	Specification	Ex-work factory price	Delivery time	Remarks	Photo
1	杯型口罩定型机 Cup type mask setting machine	Machine Size: 3130*1900*1900MM Output:40~50 pcs/min Machine weight:400kg Voltage:220V /380V Power:8 kw Machine Material: aluminum alloy Control Mode:PLC Operation:only 1 operator	US\$30,000	30 days	making the mask body	
2	杯型口罩外罩机 Cup type mask machine	Machine Size:5697*1061*1774MM Output:100~150 pcs/min Machine weight: 250kg Voltage:220V Power: 2 kw Machine Material: aluminum alloy Control Mode: PLC Operation:only 1 operator	US\$26,500			
3	杯型口罩熔切机	Machine Size:1330*1060*1985MM Output:15~20 pcs/min Machine weight:300kg Voltage:220V Power:2.6 kw Machine Material: aluminum alloy Control Mode:PLC Operation:only 1 operator	US\$22,000			
4	杯型口罩后工序生产线	Machine Size:4400*1100*1800MM Output:20-25 pcs/min Machine weight:3000 kg Voltage:220 V Power: 6 kw Machine Material: aluminum alloy Control Mode:PLC Operation:only 1 operator	US\$100,000			120 days
